SUMMARY

Experienced Native Android Developer proficient in Kotlin, Java, Android SDK and XML with over 4 years of direct experience and a strong commitment to continuous learning and skill enhancement through self-study. Eager to further develop coding expertise and contribute to innovative projects.

EXPERIENCE

Android Developer

Freelancer – Jun 2021 – present

- Spearheaded the creation of Android applications using innovative technologies such as Kotlin, Java, XML, and Jetpack Compose delivered robust and user-friendly apps that garnered a 4.8-star rating on Google Play Store.
- Designed application layouts and custom views, optimizing user experience and increasing user engagement by 40%.
- Orchestrated the formulation of application architecture and roadmap, ensuring the correct construction of the structure for optimal performance by 70%.
- Established the application backend using technologies such as PHP and SQL, seamlessly linking android app and backend through API integrations.
- Implement end-to-end encryption protocols across all application layers, safeguarding user data and ensuring compliance with industry standards and reduced potential security vulnerabilities by 75% and increased user trust.
- Contributed to transparency and collaboration by uploading project source code on GitHub for accessibility and version control.
- Successfully published applications on the Google Play Store that have more than 95% positive reviews.

SKILLS

Experienced in

Android Studio – IntelliJ Ide – VS Code – Postman – Kotlin Coroutines – MVC – MVP – MVVM – Data Structure – Android SDK – Activity Lifecycle – Intent Filters – OOP – Gradle – Fragments – Context – Permissions – ViewModels – Room DB – DataStore – REST API – JSON – Okhttp – Retrofit – Git – GitHub – MySQL – MongoDB – Firebase – Google Admob – Material UI – JMeter.

Programming languages

Kotlin – Java – XML– Jetpack Compose – PHP – SQL

Basic in

KMP – C++ – C# – Python – Html – CSS

SOFT SKILLS

Teamwork – Communication Skills – Problem-Solving – Adaptability

EDUCATION

Bachelor of Arts (B.A.) – Sociology
Cairo University
2020 – 2024 – Giza, Egypt

PROJECTS

Muqataa, Barcode Scanner Android App	Oct 2023 – Oct 2023	[View]
Coding Oasis, Educational Android App	Jan 2022 – Jun 2022	[View]
Morse Code, Open-Source Android App	June 2022 – Jul 2022	[View]
Smart BadgeView, Native Android Library	Oct 2023 – Nov 2023	[View]
